BOERS HAVE QUIT COLENSO

BULLER HOLDS SOUTH SIDE OF THE TUGELA.

London, Feb. 20.—The queen, prior to leaving Osborne house this morning on her return to Windsor, inspected the Fourth batallion of the Lincolnshire militia. Her majesty announced with a gratified smile that good news had been received this morning from the seat of war.

Another account says the queen specified that the good news was from Ladysmith.

BOERS QUIT COLENSO.

London, Feb. 20.—The following dispatch has been received at the war office from Beneral Buller:

"Blows-Farm, Tuesday, Feb. 20.—4:10 p. m.—The fusilier brigade yesterday took Hlagawana Hill, the right of the enemy's position, and commanding Colenso, the rest of the force advancing towards the Tugela. This morning the enemy has withdrawn all the troops north of the Tugela river, and had practically evacuated Colenso. Today General Hart occupied Colenso after a very slight resistence, by a weak rear-guard, and we hold the line of the Tugela on the south side, from Colenso to Eagles' Nest.

"The enemy seem to be in full retreat and apparently are only holding the position they occupy across the Colenso-Ladysmith railway, where it is close to the angle of the Tugela, with a weak rear-guard. Hart's advance guard is crossing at Colenso.

"The casualties yesterday and today have, I hope, been but few."

BULLER IS FIGHTING.

Durban, Feb. 19.—There was continuous fighting yesterday from British positions on Gun hill and Hussar hill. The troops advanced from the former towards Monte Christo. There was a heavy bombardment with three 4.7-inch guns and 100-pounder seige guns, supported by infantry, against the Boer position on Hlangwana hill, which adjoins Monte Christo and is regarded as the key to Grobler's Kloof. The firing was particularly heavy from Hussar hill on the strong Boer entrenchments at the extreme end of Hlangwana hill. These entrenchments were strengthened with sand bags.

The firing still continued at 6 o'clock yesterday evening.

During the day the gun "Lady Randolph" came on an armored train from the direction of Colenso.

It is reported that we have captured over 100 prisoners. The naval gun knocked out the Long Tom on Hlangwana hill at the first shot, for which General Buller especially complimented the gunners.

Hlangwana hill lies between two bends of the Tugela river. The Boers have erected a bridge between Hlangwana and the northern bank of the river.

BULLER'S LOSSES.

London, Feb. 20.—The casualties among General Buller's forces in the fighting at Hussar hill, Monte Christo hill and other places from February 15 to February 18 were:

Killed—Capt. T. H. Burney and thirteen men; wounded—six officers and 154 men.

GOOD NEWS CONCEALED.

London, Feb. 20.—Whatever good news may have been received from the front is being carefully guarded. In spite of the queen's announcement to the Fourth battalion of the Lincolnshire militia this morning, prior to her departure from Osborne house to Windsor, that good news had been received from the seat of war, the war office solemnly averred that they had received no news up to 1:30 o'clock this afternoon. Unofficially it is rumored that General Kitchener has brought General Cronje to a standstill and has engaged him, and it is added the war office now is only awaiting the result of the battle. This, however, though plausible, may be premature.

In any case, the confident hope that General Cronje has been cut off from Bloemfontein continues to prevail in London, especially in view of detailed dispatches saying that the Free Staters, when they saw the extent of the British forces, were in favor of surrendering.

The first train to Kimberley left Cape Town last night and the neighborhood of the famous siege seems thoroughly cleared of Boers.

General Buller, apparently, is contenting himself with shelling the Boers from his newly gained position at Monte Cristo, which, according to good opinion, is likely to form his base for another attempt to relieve Ladysmith.

The Westminster Gazette's military critic says he believes the Boers have started northward in Natal and will raise the siege of Ladysmith and reinforce General Cronje. But this must be regarded as rather optimistic, at any rate until General Buller has developed the Boers' second line of defense, which ,on every attempt to reach Ladysmith, has proved impregnable.

A dispatch from Pietermaritzburg, dated Monday, Feb. 19, says all is quiet in Zululand and the Boers' main bodies are reported to be retiring upon Dundee and Helpakaar, leaving small forces and two pieces of artillery at each magistracy.

According to a special dispatch from Tarkastad, a refugee who has arrived there says the Boers are six thousand strong at Stormberg, but that at Burghersdorp they have only a small town guard.

TROOPS FOR HOME DEFENSE.

London, Feb. 20.—The queen, through her private secretary, Sir Arthur John Bigge, has sent the following letter to the commander-in-chief of the forces, Field Marshal Lord Wolseley:

"Osborne, Feb. 17.—My Dear Lord Wolseley: As so large a proportion of the army is now in South Africa, the queen fully realizes that necessary measures must be adopted for home defense. Her majesty is advised that it would be possible to raise for a year an efficient force from her old soldiers who have already served as officers, non-commissioned officers or privates, and confident in their devotion to the country and loyalty to her throne, the queen appeals to them to serve her once more in place of those who, for a time, side by side with the peoples of her colonies, are nobly resisting the invasion of her South African possessions. Her majesty has signified her pleasure that these battalions shall be designated the royal reserve battalions of her army.

"Arthur Bigge."

THE RELIEF OF KIMBERLEY.

Modder River, Monday, Feb. 19.—Although the rapid march of General French's division was marked by a number of conflicts, the actual entry into Kimberley was unopposed. When the British were still eight miles off the signalling corps intercepted a heliograph message from the beleaguered garrison to Modder river, saying:

"The Boers are shelling the town."

The advancing column replied:

"This is General French coming to the relief of Kimberley."

The garrison was incredulous and thought the message was a Boer ruse and finshed the query:

"What regiment are you?"

The reply satisfied the defenders of Kimberley that the anxiously awaited succor was at hand and a few hours later General French at the head of a column made a triumphant entry into the place, the people surrounding the troops and intermingling with them, cheering wildly, grasping the soldiers' hands, waving flags, hats and handkerchiefs and exhibiting in a hundred ways the intensity of their joy.

The inhabitants had been on short rations for some time, eating horse flesh and living in burrows under heaps of mine refuse. Diminishing rations were served out daily at 11 o'clock in the market square, under the shell fire of the enemy, whose guns opened on the square whenever the inhabitants assembled. No horse food was left.

Throughout the siege Cecil Rhodes provided the natives with work and food and thus kept them quiet. The miles of convoy bearing provisions for the relief column and the town slowly winding its way across the plain in the direction of Kimberley was the gladdest sight which greeted the eyes of the besieged for four months.

General French's march was so rapid and the heat so intense that many of his horses died of exhaustion.

At the crossing of the Modder river the Boers bolted, leaving their tents, guns, oxen, wagons and large quantities of ammunition in the hands of

PLEA FOR JUSTICE

MR. NEWLANDS DISCUSSES A NATIONAL POLICY.

HOW TO TREAT COLONIES

MUST BE GIVEN STANDING OF TERRITORIES.

IF NOT, ABANDON THE ISLANDS

HAWAIIAN BILL TAKEN UP IN THE SENATE.

Washington, Feb. 20.—Before the debate upon the Porto Rican tariff bill was resumed today the senate bill to authorize the construction of a bridge across the Red river of the north at Drayton, N. D., was passed.

Mr. Hepburn, of Iowa, attempted to secure an agreement to take up the Nicaraguan canal bill. He asked unanimous consent that it be taken up one week from today.

OLD TREATY NOT IN IT.

Mr. Richardson asked if there was anything in the bill which recognized the existence of the Clayton-Bulwer treaty.

"There is not," replied Mr. Hepburn. "The bill provides for absolute ownership."

Mr. Cannon, of Illinois, chairman of the appropriation committee, said he was not prepared to agree at this time to the consideration of the bill. "There is no objection on this side," observed Mr. Richardson.

Mr. Hepburn offered to make the date a week from today, but Mr. Cannon still dissented.

MR. NEWLANDS SPEAKS.

The house then went into committee of the whole and Mr. Newlands, of Nevada, a member of the ways and means committee, took the floor in opposition to the Porto Rican bill.

Mr. Newlands said in part:

"As the result of humanitarian war inaugurated not for conquest, but to free Cuba from Spain's oppression the United States finds itself in the qualified possession of Cuba, in the unqualified possession of Porto Rico and in the disputed possession of the Philippines. All these islands are today under the military power of the United States government. Congress is now called upon to act and the questions are: First, what duty and good morals require of us regarding these islands; second, what self-interest prompts us to do, and third, what our constitutional power is regarding these islands. Every phase of obligation, duty and right which could be presented to us by any conquest or cession of territory thus acquired, is presented to us in three classes of acquisitions thus secured."

As to Porto Rico, Mr. Newlands said there existed no complication unless they were created by the maladministration of congress. The area was small; its people could be easily absorbed; they were ready, willing and eager to share with us the benefits and the burdens of our government. Their industrial competition would not be serious even though they were taken inside of the tariff wall. Doubtless the disposition of the dominant power was to establish there a territorial form of government and to extend our constitution and our laws to them. Their fear was that a precedent would be established controlling our action regarding the Philippines later on; such action, embracing not simply one island near our coast, sparsely governed, its people friendly and peaceful, but embracing an archipelago of seventeen hundred islands, seven thousand miles distant, of diverse races, speaking different languages, having different customs and ranging all the way from absolute barbarism to semi-civilization.

It was evident, therefore, so far as Porto Rico was concerned, whatever present objections there might be upon the part of the dominant party to establishing freedom of trade between that island and the union, such trade would not be long deferred as a part from the importance of the constitutional questions raised by a discriminating tariff, which doubtless would be only temporary, it was evident that both of the political parties of the country were now on substantial agreement that Porto Rico should become a part of the union.

Mr. Newlands said, however, that the republicans were losing sight of the possibility that the unrest and dissatisfaction created by inequality of laws might make our problem of government in Porto Rico much more difficult than it now seemed.

Whether these islands were to be regarded as dependencies or territories, freedom of trade, freedom of migration and equality of right and burthen must be equalized, for otherwise each community discriminated against would regard itself as the victim of prejudice or self-interest.

The dominant party was desirous of preventing freedom of migration and free trade between this country and the Philippine islands. This was the sentiment of the entire country. There was but one way to accomplish this under the constitution and that was to declare they did not belong to the United States and that the sovereignty of the United States would be exercised in these islands only for the pacification and the establishment of a stable government and the final establishment of independent self government in the islands.

Duty, interest and constitutional obligations all pointed to this as the correct course with reference to the Philippines. As to Porto Rico our duty was to immediately incorporate that island in the union as a territory with all its rights and privileges under the constitution and laws of this country. Equality of right and equality of burthen would render them satisfied with our scheme of government and contented with a condition of tutelage, which would ultimately lead to representation in the federal union, whilst discrimination, inequality of right and equality of burthen would create never-ending irritation and opposition that would render a peaceable condition of tutelage impossible.

Mr. Newlands spoke for over two hours. He was liberally applauded when he concluded.

Mr. Hopkins, of Illinois, who is also a member of the ways and means committee, then took the floor in support of the bill.

IN THE SENATE.

Washington, Feb. 20.—Mr. Perkins, at the opening of the senate today, presented the credentials of Thomas R. Bard as senator from California for the term of six years, beginning on March 4, 1899. The credentials were filed.

A resolution was adopted authorizing the printing of a special edition of 50,000 copies of the year book of the department of agriculture for distribution at the Paris exposition.

At the conclusion of the morning business Mr. Kennedy, of Delaware, was recognized to deliver a speech on the Philippine question.

He took strong ground against the retention of the Philippines and argued that the Filipinos should be given their independence, under the protection of the United States.

At the conclusion of Mr. Kenny's speech the senate began under a special order, the consideration of pension bills, and passed fifty-two bills on the pension calendar.

The general calendar of bills was then taken up and a number of bills passed.

The bill to provide a government for the territory of Hawaii was laid before the senate and its consideration resumed. To section 10, of the bill, providing for the continuation of existing contracts, Mr. Nelson offered an amendment, excepting from such protection contracts for labor.

GRAIN SHIP FOUNDERS.

Philadelphia, Pa., Feb. 20.—The British steamer Restormel, which was ready to sail from this port with a cargo of wheat for Limerick, Ireland, sank in the Delaware river off Knights Point, N. J., late last night. Considerable mystery surrounds the sinking of the vessel, as it was reported that the grain was to be forwarded eventually to South Africa. The steamer had nearly ten feet of water in her hold when the first mate discovered that the vessel was settling. Despite the efforts of the crew to keep her afloat by the use of pumps, the vessel sank in a short time. Captain Merling was not aboard when the accident occurred. Today the steamer was dragged from midstream to the New Jersey flats, where she now lies with ten feet of water in her forehold.

VESSEL WRECKED, CREW SAVED

Nassau, N. P., Feb. 20.—The Norwegian bark Ameer, Captain Thisland, from Mobile, Feb. 1st., for Bahia Blanca, was wrecked on Feb. 17th, at Orange Cay. The crew has arrived here.

KILLED IN BATTLE

ALBERT D. VOTRIE, FORMERLY OF FORT WAYNE.

MET DEATH IN PHILIPPINES

BROTHER OF FRANK J. VOTRIE, OF ELECTRIC WORKS.

SAD MESSAGE CAME TODAY

CLOSE UPON A CHEERY LETTER HE HAD WRITTEN.

A message to Frank J. Votrie, an electrician in the employ of the Fort Wayne electric works, this morning brought the sad news that his brother, Albert D. Votrie, who has been gallantly serving with the United States army in the Philippines, had been killed in battle. The telegram was from Editor Becker, of the Paulding, Ohio, Democrat, a close friend of the young man, and gave no further particulars. Votrie has been a correspondent of the Paulding newspaper while in the Philippines, and little more than a week ago The Sentinel printed a letter from him. Almost at the same time the message was received this morning, there was delivered to Mr. Votrie a bright, hopeful letter from his brother, which had been written at Santa Rosa, January 14.

During the war with Spain he served in the Sixth Ohio volunteers and saw service in Cuba. After his discharge the young man came to Fort Wayne and was a resident of this city for some time, being employed as a brickmaker. He went to Hoagland, where relatives reside, and later left for the south. At Knoxville, Tenn., he enlisted in Company K, of the Thirty-ninth volunteers, and at the time of his death was quartermaster sergeant of Company K. Votrie was thirty-six years of age and unmarried. His mother resides at Broughton, Ohio. A brother, James Votrie, formerly resided at Hoagland, and was critically injured over a year ago by a tree falling upon him. He was for a time at St. Joseph hospital in this city, but was removed to his home at Hoagland and died there in August last.

The letter received this morning, at almost the same time as the message announcing the soldier's death, was bright and chatty, and in it there is no expression of fear of the end which came. It is dated at Santa Rosa January 14, and among other things the soldier says: "I am in good health and spirits. Our regiment has been doing some good work, and is keeping it up. We got a reputation for fighting at the start, and it seems they are keeping us at it. We have taken five towns and are holding them. Talk about adventure—well, we are having all kinds of it. I came over to satisfy myself as to the fighting qualities of the natives, and my curiosity is satisfied. They can, at times, fight. I have written five letters for the Paulding Democrat, and in case you do not hear from me when you think you should, write to Editor Becker and he will put you next; he has taken a contract to keep tab on me while I am here. I have not time now to write much as I have orders to prepare five days' rations, and that means trouble soon. But say, brother, there is something fascinating about this life. We have not the time to get homesick. Kiss all the children for me. My love to family, and regards to all known friends."

ANNUAL BENCH SHOW.

New York, Feb. 20.—The twenty-fourth annual bench show of the Westminster Kennel club opened today at Madison Square Gardens and will continue until midnight Friday. There are more dogs on exhibition this year than ever. In all 2,110 canines of thirty-nine breeds are on exhibition. These include the finest dogs of this country and some of the best of Europe. Over 200 prizes will be given, in addition to many individual awards. A noteworthy fact in connection with the exhibit is the increase in American dogs of fine breeding.

Miss Emma Snellinger delightfully entertained a number of her friends at progressive euchre last evening, at her beautiful home on West Jefferson street, in honor of her sixteenth birthday anniversary. The floral decorations, which were very pretty, consisted of palms, smilax and primroses. Prizes were given for the highest number of games won and Miss Emma Regedanz was awarded the first prize and Miss Minnie Kohlmeyer the booby. After the games a dainty luncheon was served, which was enjoyed very much by the happy guests, who left wishing the young hostess many happy returns of the day and hoping to assist in celebrating many more such occasions.

AN INJUNCTION DENIED.

Chicago, Feb. 20.—Judge Seaman, in the United States district court today issued an order denying the injunction prayed for by the Chicago Tribune against the Associated Press. This grew out of an alleged infringement of copyright.

L. J. M'CORMICK DEAD.

Chicago, Feb. 20.—Leander J. McCormick, member of the famous harvester machinery company, and founder of the Leander McCormick observatory of the University of Virginia, died of pneumonia at the Virginia hotel today.

WILL MEET WAY OUT WEST

FUSION POPULISTS FIX TIME OF CONVENTION.

National Convention to be Held in Sioux Falls, S. D., Ninth of Next May.

Lincoln, Neb., Feb. 20.—The populist national committee, presided over by Senator Butler, today took up the question of time and place for the national convention. A proposition from the Texas delegation that May 9th be fixed upon as the date was amended to permit a committee to decide on both time and place. The amendment was opposed vigorously by the Texas delegation as "cowardly and truckling to the democrats."

Senator Allen, of Nebraska, spoke at length in favor of harmony and for the naming of a date by the whole committee. "Bryan will be the nominee of both democrats and populists," said Senator Allen, "and the question of date makes little difference anyhow."

The amendment to refer to a committee was voted down and Wednesday, May 9th, the same date as that of the middle-of-the-road convention at Cincinnati, was decided upon.

Three cities, Kansas City, Sioux Falls, S. D., and Indianapolis, presented claims for the convention and each was granted unlimited time to set forth its respective advantages.

The fusion faction's national committee finally decided to hold the next populist national convention at Sioux Falls, S. D., on May 9th.

A split and a walk-out followed a turbulent meeting of the populist national committee last night, the anti-fusion leaders, after having a number of their followers turned down by the credentials committee, organized a bolt and formed a new committee. The members favorable to fusion, after adopting the report of the credentials committee, adjourned.

The bolters issued an address to the populists and independent voters of the United States.

THE COURTS.

The Nestel trial still drags along in the superior court. Eliza Nestel, one of the midgets, has been on the stand since last Friday.

Aaron Ewing was taken into custody today by Sheriff Melching and will be recommitteed to the Eastern hospital for the insane at Richmond.

The last will and testament of the late August N. Ehle has been filed for probate. He leaves his property to his wife, Christinna, and names her as executrix of the estate.

Judge O'Rourke today heard evidence in the case of John P. Evans vs. the J. F. Schell Loan and Investment company et al.

The case of Weil Bros. vs. the Globe Soap company has been dismissed.

Bertha L. Griswold has commenced partition proceedings against Hugh S. Burns et al. Barrett & Morris are plaintiff's attorneys.

The $1,000 damage suit of Jacob R. Brockerman vs. John H. Bass, receiver of the Consolidated street railway, has been sent to Adams county by Judge O'Rourke on a change of venue. Barrett & Morris and Hartman & Stokes are attorneys.

Miss Estella Miller, who has been the guest of Mr. and Mrs. W. E. Doud, left today for her home at Sherwood, Ohio.

Henry Beadell, of the People's store, left for New York and other eastern cities this morning to purchase fall, winter and Christmas goods.

IT IS IMPORTANT.

FILIPINO GUERILLA ON TRIAL FOR MURDER.

WILL DETERMINE A POLICY

MAY MARK CHANGE IN DEALING WITH REBELS.

RETALIATION IS THREATENED

FILIPINOS YET HOLD MANY AMERICANS.

Manila, Feb. 20.—5:55 p. m.—A military commission meets at Calamba tomorrow to try a Filipino member of the guerilla band which attacked a squad of Americans February 2, killing a corporal. The charges are murder and assault with intent to kill. The case is important as foreshadowing the policy of treating guerillas as bandits.

It is supposed that one reason which has hitherto deterred the American authorities from adopting this policy is that the insurgents have more than fifty American prisoners and may retaliate, although a few of them were captured while fighting.

D. F. KENNEDY WILL BE HERE

A MEETING TO BE HELD NEXT THURSDAY NIGHT.

He Will Talk of Labor and the Union Label—Comes in Interest of the Hatters.

The committee appointed by the Trades and Labor council to arrange for an address in this city by D. F. Kennedy, of Indianapolis, announce that Mr. Kennedy will address workingmen at the city hall next Thursday evening. Mr. Kennedy is state organizer for the Indiana Federation of Labor and at present represents the United Hatters of America. He will discuss organized labor and the union label and these promises to be a big turnout to hear him. Mr. Kennedy has spoken in Fort Wayne many times heretofore and will no doubt be given a hearty reception.

Mrs. John Zuber, of Liberty street, was surprised last evening by a number of her friends, who called at her home uninvited to assist in celebrating her birthday in a manner appropriate to such important event. Cards preceded a fine luncheon, the winners in the progressive game being James H. Hanley and his mother, Mrs. Paul Hanley.

Superintendent Gorsline is in receipt of a letter from Florida in which the writer inquires if a man who committed murder in a Fort Wayne hotel ten years ago is still wanted. The letter claims that the murderer can be located. The superintendent has made diligent inquiry and cannot learn of any murder committed in a hotel. He believes that the letter writer has his cities mixed.

FURNISHES PROOF

MACRUM HAS HIS MUTILATED LETTERS.

BEAR THE CENSOR'S STAMP

ENVELOPES WERE OFFICIAL AND UNMISTAKABLE.

CODE MESSAGE WAS HELD UP

AND MADE PUBLIC BEFORE ITS TRANSMISSION.

New York, Feb. 20.—A special to the Journal and Advertiser from Washington says:

Charles E. Macrum, late consul at Pretoria, furnished proof of his charge that United States official mail was opened by the British censor. Mr. Macrum has several envelopes, each bearing the British sticker applied to the envelope after it had been opened by the censor.

He has one envelope which contained mail matter from Consul General Stowe at Cape Town. It is the regulation blue of the consul service.

It bears upon its face the legend "U. S. Consular Service," and a stamp, "Mail Suspended." On the reverse side in the United States government seal impressed upon the red sealing wax of the consular service.

The British stickers, revealing the letter after it had been opened, bears the potential initials "V. R.," the initials of the clerk who opened the letter, the name of the place where it was opened.

This letter was mailed at Cape Town, October 4, by Consul General Stowe. It was held there one month, apparently, for the next postmark is that of Durban, dated November 4. From Durban is was sent to Pretoria, and reached Mr. Macrum in its mutilated form.

The circulars to consuls issued by the department, not in themselves important, but nevertheless "official mail" never reached Mr. Macrum. They were confiscated without apology or explanation by the British censor. As for Mr. Macrum's personal mail, he never heard of it.

The British authorities are familier with the American consular code. November 8 Mr. Macrum sent a cablegram in code to the state department urgently requesting that he be permitted to come home. Usually cablegrams, because of the difference in time between South Africa and this country, consume two days in transmission—that is to say, the cable sent by Mr. Macrum on November 8, would normally have been received by the state department on November 10. But on November 9, before the cablegram was received by the state deparement certainly, and before it was sent from South Africa probably, the British papers in Natal, hundreds of miles away, announced in impressive type that Mr. Macrum, the American consul at Pretoria, desired to be permitted to go home.

WAITING FOR CARNEGIE.

Pittsburg, Pa., Feb. 21.—All persons interested in the Frick-Carnegie equity suit are now awaiting anxiously the arrival in the city of the principal defendant, Andrew Carnegie, who is now on his way north from Florida. Just when he will arrive in Pittsburg could not be ascertained, although if the trip was made by the shortest route he could get here this evening. He is not expected, however, until Thursday, as it is said that before coming here he will have a conference either in New York or Washington with President Schwab, who is still in the east. Mr. Carnegie's presence in Pittsburg will add greatly to the interest in the legal battle and immediate action from the defense side of the question is expected. With the already considerable amount of work put on the answer to be made by the the Carnegie Steel company, limited, to the bill filed by Mr. Frick, it is calculated that a very few days will suffice for Mr. Carnegie to get the papers of rebuttal in readiness for recording.

CONCERNING STAMP TAX.

Washington, Feb. 20.—Commissioner Wilson, of the internal revenue bureau, has made a decision in which he holds that a special tax stamp held by a corporation as a liquor dealer cannot cover the same business carried on by any other person upon the ground that he had been a stockholder in the corporation at the time of its dissolution.

A TREASURY RULING.

Washington, Feb. 20.—The comptroller of the treasury has recently rendered several decisions in which he holds that under the act of July 31, 1894, claimants against the government who accept payment under a settlement by the auditor are precluded from obtaining a revision by the comptroller of such settlement as to any items which have been rejected. Persons, he says, receiving treasury warrants in payment of claims should not transfer or cash them if they are not satisfied with amount paid. Otherwise they are stopped from asking a revision by the comptroller.

WILL OPEN A SALESROOM.

Messrs. Roach & Albanus, the well known carriage builders, have closed a lease for the rooms in the Tri-State building, formerly occupied by the J. F. Schell company, and after fitting them up will open a city salesroom. A full line of the handsome vehicles manufactured by this firm will be placed on display.

ITS FIRST YEAR A GREAT ONE

FORT WAYNE DRUG COMPANY ELECTS DIRECTORS.

First Annual Meeting of the Company Held This Morning—

A Great Growth.

The Fort Wayne Drug company, which began business last March, held its first annual meeting this morning, heard the reports of the officers, elected a board of directors and indulged in congratulations over a year's business that has been little short of phenomenal.

The vice-president, John P. Evans, presided at the stockholders' meeting this morning, which was held in the company's offices on Columbia street. The board of directors chosen was made up as follows: O. P. Morgan, John P. Evans, F. W. Sihler, Dr. W. O. Gross, Henry C. Paul, John Jacobs and Jacob Coulter. At the call of the president, some time during the present week, the board will meet and formally organize, though there is no probability of a change in the official staff.

Few persons outside drug circles have an idea of the magnitude of this magnificent institution which has been built up in Fort Wayne in less than one year. Occupying six floors of its handsome building with a stock of goods closely reaching $100,000, the Fort Wayne Drug company is supplying the drug trade of a wide territory that is constantly enlarging. An additional building on Calhoun street is already in use as a warehouse and the treasurer, Dr. W. O. Gross, said this morning that within a few months they would be compelled to add still more room to the institution. Eight traveling salesmen are constantly on the road and the pay rolls now contain the names of thirty-five persons.

MUNICIPAL NEWS.

THE CONTRACT FOR THE BIG SEWER.

DISCUSSED BY THE BOARD

WORK WILL BE COMMENCED IN APRIL.

POLICEMEN ASK FOR RAISE

PETITION PRESENTED TO BOARD AND COUNCIL.

The members of the board of public works have been discussing the contract for the big intercepting sewer almost the entire day. Mr. Derheimer, the low bidder, has been in conference with capitalists during the day trying to arrange for a bond to complete the work. The board of works will demand a $25,000 surety bond, besides an additional bond of $15,000 to indemnify the city against flaws in the sewer or damages that may result from some defect. The time limit to finish the sewer will be fixed at ten months and the contractor will be expected to begin construction in April, or as early as the weather will permit. The sewer is 15,040 feet long and at $8.98 per lineal foot will cost the property owners $143,141.20. Not one penny of this sum can be collected before the sewer is completed and the assessment rolls approved and this means an expenditure of more than $100,000 before any part of the principal begins to come back.

Contractor Derheimer this afternoon notified City Attorney Shambaugh that he would be unable to sign a contract this afternoon and it is probable that he will be given another day or two in which to get ready his bond.

WANT SALARIES INCREASED.

The members of the police force have prepared a petition asking that the salaries of patrolmen be increased from $60 to $75 and other police officers in the same ratio. There are thirty-eight men on the police force and the increase would amount to over $600 a month, or $7,200 a year. The petition has been signed by every member of the force and will be handed to Superintendent Gorsline this afternoon with a request that he present it to the board of safety, which meets tonight. Accompanying the policemen's petition is another signed by prominent merchants and taxpayers asking that the increase in salary be made. The board of safety will consider the petitions and probably in two weeks make a recommendation to the city council. Superintendent Gorsline has made a request for six new patrolmen and another detective. If the board and council will act favorably on this suggestion the superintendent says that he will establish a "dog-watch" and reduce the working hours of patrolmen to eight. He tells The Sentinel that with six additional men he can make the change in working hours without reducing the beats except for a few hours, while at the present time there are two hours each day when no officers are on duty in the streets. Mr. Gorsline believes that if there is no reduction in working hours there should be an increase in the salaries of the police officers. Comptroller Berghoff also told The Sentinel reporter that he believed the old wages, $65 a month, should be established. The committee in charge of the petition is composed of Police Officers Elliott, Borgman and Spillner.

A committee of policemen called on Mayor Scherer this afternoon and showed him the petitions which they will this evening present to the board of safety and council and asked for his endorsement. He promised to sign the petition this evening.

LOAN STOCK MATURES.

The payments due today wind up four series of the Fort Wayne Building and Loan association, Nos. 9, 10, 11 and 12. This makes twelve series of stocks closed out by this association since 1882, when the association came into existence. Each series represented $100,000 and the total foots up the munificent sum of $1,200,000, nearly every cent of which has been expended in buildings in this city. It is pretty safe to say that no other building and loan association of its character has accomplished a greater good for the city in which it is located than has this one.

STRICKEN WITH PARALYSIS.

James Thompson, farmer and manufacturer of tyles, was stricken with paralysis yesterday, while riding in his buggy on the Piqua road. He resides on a farm seven miles out from the city and was en route to the residence of his son, a few miles away, when he was attacked by the disease. Dr. Rubl, the attending physician, says the unfortunate man is better today and is inclined to the opinion that he will recover if no other attacks occur.

WILL FIGHT SALOON.

Residents of the Sixth ward are in a state of concern over a report that a saloon is to be started in a building at the corner of Creighton avenue and Broadway. A fight will be made against the granting of a license, in all probability. Some time ago a successful fight was made against the opening of a saloon in the same neighborhood.

VICTORIA SMILED.

(Continued From First Page.)

the British. Moving northward, the Boers again attempted to stem the advance, but General French turned their flank and reached his goal with insignificant losses—seven men killed and thirty-five wounded during three days, from Wednesday, Feb. 14, to Friday, Feb. 16.

After a night's rest at Kimberley General French's column pursued the Boers to Brontveld, surrounding the kopjes on which they were posted and shelled them until nightfall, when the Boers fled, leaving many dead.

General Cronje left a gun, his tents food and clothes at Magersfontein.

RAILROAD IS OPEN.

London, Feb. 21.—2:16 p. m.—The war office has issued a dispatch from Lord Roberts, the main importance of which is the fact that it is dated Haardeburg, 7:50 p. m., Monday. Haardeburg is thirty miles east of Jacobsdaal. The dispatch announced that the railroad to Kimberley is open and that General Methuen will proceed there with reinforcements forthwith and that large supplies will be forwarded to that town.

OFFICERS KILLED.

London, Feb. 20. The war office announces the following casualties among officers during the relief of Kimberley:

Killed—Lieut. A. E. Hesketh, Sixteenth lancers; Lieut. the Hon. W. M. McClintick Bunbery, Second dragoons.

Wounded—Capt. E. R. Gordon and Lieut. P. F. Brassey, North lancers; Capt. G. B. Tuson, Sixteenth lancers; Lieuts. R. I. Fordyce and W. Long, Second dragoons.

BOERS ARE SNIPING.

Durban, Feb. 19.—Evening.—While General Buller is continuing his movement on the extreme right and made every disposition for the defense of his position to the left and south of the Tugela, by maintaining there a force adequate for that purpose, isolated parties of Boers sometimes cross the river. There is much sniping.

CECIL IS HAPPY.

Kimberley, Feb. 19.—By heliograph to Modder river, Feb. 19.—The country is free around Kimberley. The Boers have evacuated Dronfield, Saltpan, Spyfontein and Schultz Nek. One of their twelve-pounders, with ammunition, was captured, as was also their laager at Dronfield, which was abandoned on Friday night. Rails are being laid to Modder river. Several herds of cattle have been captured. Cecil Rhodes is in excellent spirits.

TRAIN TO KIMBERLEY.

Cape Town, Feb. 19.—Repairs to the railway have sufficiently advanced to enable the dispatch tonight of the first train to Kimberley, laden with coal. After that the military requirements will be the first consideration, second food stuffs and then passengers, which latter train it is anticipated will start on Wednesday or Thursday.

HOLD JOINT SESSION TODAY

KENTUCKY LEGISLATURE WILL CONSIDER CONTESTS.

Former Action on Governorship to be Taken Up—Democrats Had Quorum in the House.

Frankfort, Ky., Feb. 20.—Speaker Trimble at the session of the house this morning announced that there would be a joint session of the general assembly this afternoon at 3 o'clock to consider the reports from the governor and the lieutenant governor contest and the former action in reference thereto.

The house adopted the Allen resolution passed by the senate yesterday, ratifying the former proceedings by which Goebel and Beckham were declared in office. The republicans refused to vote on the original call, hoping to break a quorum, but seeing that it had carried, went on record.

The democratic senate at 11:55 took a recess until 2 o'clock and at noon the republican senate, presided over by Lieutenant Governor Marshall, convened, but only remained in session five minutes.

AFTER HER "HUBBY."

A Chicago woman came to Fort Wayne last evening and requested Captain Daseler to assist her in locating her husband, whom she believed was in Fort Wayne with a Chicago telephone operator. The captain did not locate the couple and this morning Detective Coling continued the investigation. He secured a sample of the recreant husband's hand-writing and finally found the same character of writing on one of the hotel registers. The wife was taken to the hotel and identified the writing as that of her husband. He registered with a woman as his wife and the name used was that of the missing telephone girl. The detective got track of the trunks and found that the couple had gone to Detroit Monday. The wife will follow as she is desirous of securing evidence to use in a divorce suit.

FOUNDLING IS DEAD.

At St. Vincent's orphans' home this afternoon occurred the death of a baby boy, about three months of age. The little one's name is unknown. It was deserted by its mother at a hotel in this city some weeks ago, and has since been cared for at the orphans' home.

CORONER'S FINDING.

The post mortem in the case of Charles A. Kimmel revealed that death was due to pneumonia. Coroner Barnett finds that the little child of Mr. and Mrs. Arens died from marasmus, and the death of little Marcellus Ertel was due to tuberculosis.

A new beginners' class will be formed next Monday evening at the Mulqueen Dancing Academy. 20eod3t

PANS MILLIONS

To Talk Health to the Public.

A short time ago the advertising manager of Postum Cereal Co., Ltd. of Battle Creek, Mich., furnished this paper with a statement as follows: "We receive in some single months 1200 to 1500 letters from people explaining their experience with coffee drinking, which would interest any physician or any person making the subject of health a study, (and that is really a very important subject for every one). Many of these letters give the details of how the writer, having been ill for months, and in some cases for years without discovering the cause of illness, has finally been led to suspect that coffee (which is really a drug) has been the cause and in order to prove for their own satisfaction, have abandoned coffee and taken up Postum Food Coffee, with remarkable results in many cases.

The most common ailments from coffee are headache, general nervous prostration and stomach trouble. Many times a blotchy complexion is the result, and a very large number speak of serious kidney troubles that have been set up, which disappear when coffee is left off and Postum Food Coffee taken in its place, but the range of disorders to the human system is very wide, and directly points to the effect of coffee on the nervous system, which locates in some one or more of the different organs of the body.

It is plainly evident that any person suffering with lung trouble, catarrh, heart trouble, bowel complaint, pain in the back or at the top of the spinal column, female troubles, and a wide range of difficulties will be surely and permanently helped if coffee is left out of the diet, and Postum Food Coffee taken up. The reason is as clearly marked out as any plain conclusion that the mind can reason and is absolutely proven by personal test. Coffee is a distinct poison, to many people, often slow and insidious but sure. Leaving it off will remove the cause of the trouble, and on the other hand, if Postum Food Coffee is taken up, the natural elements which exist in it, and which are selected from the grains of the field intended by Nature for rebuilding the nervous system will make themselves known in increased strength, vitality and health.

We feel that we have a clear right to tell these facts over and over again to the public, and to ask them "to make trial for themselves, in order to prove the truth of our statements." The subject is worth the attention of every one interested in physical and mental health.

When that practical politician, the empress dowager of China, offers 100,000 taels for the head of a fugitive reformer it looks as if reformers were getting to have some value.

"Kid" McCoy, who forsook pugilism to become a broker not long since, has already come to the conclusion that there is nothing in Wall street for him and announces his intention of returning to the prize ring.

A dispatch from Arundel tells of the kind treatment which the Boers gave to the British wounded and the friendly talk of the Boers and British soldiers who fell into their hands. This is more manly than manufacturing stories of Boer atrocities to be retailed through the English papers, but is it not disloyal to the interests of the chartered companies?

The reason why a committee of congressmen which was to have inspected the New York postoffice this week has put off the job until next week is, according to the New York Journal, because the attractions at the theaters of the metropolis will be much greater then than they happen to be just now. This is only one of the many proofs that American statesmanship is not deteriorating.

The suit of Frick against Carnegie is calculated to remind one of the old saying that when rogues fall out honest men come by their own. Not that Frick and Carnegie are necessarily rogues; but the enormous profits of their business shows that they have been able to practice extortion upon the public in some manner, and the light of publicity turned upon their affairs by the law suit may lead our law makers to put their fingers upon the proper corrective.

In an opinion submitted by the attorney general yesterday he holds that it is altogether safe and proper for county auditors to make loans on land of sufficient value which is not incumbered except by gas or oil leases. The opinion was given in reply to a letter from George A. Modlin, auditor of Grant county, who wished to know the validity of a loan of school funds on land leased for gas and oil without the waiver of a lease. Heretofore the school funds have been loaned on land by first securing the release of the gas or oil lease and filling it afterward or by securing the waiver of the same.

A sub-chief in the office of the French minister of marine has been detected in the act of selling information to Great Britain regarding the shipping of goods from French ports to the Transvaal. He was caught by a veiled woman, just as was Du Paty de Clam in the Dreyfus case. Dr. Leyds, the Transvaal agent, denies that he exposed this man Philipp, and the British embassy regarded the affair of sufficient moment to issue a formal denial of any relations with the informer. Philipp is missing and is declared to have fled to this country, where he was formerly in business as a picture dealer. The last mail from England brings a copy of Black and White containing Russian secret documents of the gravest import to the British empire. Evidently the English are buying contraband information just at this time. People generally believe the purchase of official secrets to be the chief duty of diplomats, and the denial by the British ambassador in the case of Philipp would seem to be wholly unnecessary. The Russian secret survey of the Indo-Afghan frontier is well calculated to startle England. A denial from the Russian ambassador to the court of St. James will be promptly forthcoming.

WEALTH OF THE PEOPLE.

John B. Connor, state statistician, is preparing a statistical work, which, although it may take two years to complete, will be of great value to the people of the state. Mr. Connor proposes to secure from every county in the state the total amount of wealth and the manner in which it is distributed for the four decades beginning with 1870. For instance, the total number of people worth between $300 and $1,000 will be in one class, all worth from $1,000 to $2,000 in another and so on up to a million. The value of the work will be in showing the increase in wealth as the population increases and the resources are developed.

Boone, which is an averaged sized county, not counting those in which the large cities are situated, is taken as a basis upon which to work. In 1870 there were 1,891 persons in that county worth between $300 and $1,000 and in 1900 the number is increased to 2,800. In 1870 there were in the county 100 persons; in 1890, 96, and in 1900, 193. In 1870 37 persons were worth from $10,000 to $30,000; in 1880, 48; 36 in 1890 and 100 in 1900. At the present time there is only one person in the county worth from $40,000 to $50,000, and only one worth from $90,000 to $100,000. In 1870 there was only one company or corporation worth $10,000 or over. In 1880 there were four, in 1890 five, and in 1900 twelve. The information is based upon reports made to the county and township assessors.

SICK AT SAN FRANCISCO.

Ernest Payne, of this city, who is enlisted in Company M, of the Third regular infantry, is now in the general hospital at San Francisco, receiving treatment for stomach trouble. Payne has been serving in the Philippines, and was brought to San Francisco by the hospital ship Missouri. The young man is much emaciated, being reduced from a normal weight of about 150 to 98 pounds. His term of enlistment will expire in October, and it is doubtful if he will again be sent to the Philippines.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctor said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, "but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and $1.00. Trial bottles free at Dreier & Bros.' drug store.

HEARD TWO GOOD SPEECHES

AT DEMOCRATIC HEADQUARTERS MONDAY NIGHT.

N. D. Doughman and J. G. Quisenberry Made the Addresses —A Fair Crowd.

There was an enthusiastic meeting of democrats at democratic headquarters last evening and those present heard two fine addresses. Judge W. G. Colerick, president of the Bimetallic League, presided and announced that Hon. Allen Zollars and E. V. Emrick could not attend, but that Mr. N. D. Doughman would deliver an address. Mr. Doughman spoke for more than an hour and handled well the great questions that today confront the American people: Money, trusts and imperialism. He believed that all citizens should inform themselves on these questions and was confident that when they had done so there would be doubt of democratic success. The democratic party stood today the party of the great common people. It was opposed to the placing in the hands of a few men the power to issue money and the currency bill passed last week by the senate meant that hereafter the great banking institutions could make the money of the country. Voters could learn this by studying the question. The great menace to our republican constitutions was lack of interest. When the people were aroused it boded ill for those who tried to oppress and control them, but when lethargic there was danger. He discussed the trusts and placed upon the republican party the blame for the organization of all the great combinations which are today threatening to crush the life out of the small merchant and manufacturer. He hoped that the day was not far distant when any man who might erect a factory or establish a store in any town had the same opportunity that existed a third of a century ago to a competence for his old age. The corporation was the creature of the people and it was inimicle to public interests when the creature controls the created. The republican party would pretend to be opposed to trusts, but if it was why does it not now, with a majority in both houses of congress, and William McKinley as president, crush these institutions which are slowly sucking the life-blood of American institutions. Mr. Doughman was bitter in his denunciation of President McKinley's imperialistic policy and deplored the fact that the few men who control the government were attempting to establish a colonial policy which even now threatens the destruction of Great Britain. A standing army would be needed and this would be another menace to progress. Hundreds of thousands of American citizens had come to this country to escape the despotism of nations which had established standing armies, and now a republican president had adopted a policy which would result in fastening this system on the American people. Mr. Doughman admonished democrats to be up and doing and he felt confident that they would win a notable victory when the votes were counted next November.

J. G. Quisenberry, of Weldon, Ill., who was a candidate for congress in the Thirteenth Illinois district two years ago, was a guest of the club, and Judge Colerick called on him for an address. Mr. Quisenberry said that he had been called the "black sheep" in a republican family because he voted the democratic ticket. He had studied the policies of the two parties and his studies of political economy had made him a free trader by the time he was old enough to vote. He had been a democrat ever since, and wherever he might be was willing to assist in the cause of democracy. Mr. Quisenberry is an ardent advocate of free coinage of silver and said that when speakers talk of trusts they must not forget that the king trust of them all is about to be crowned by the national congress—the money trust. The oil trust, the steel trust, and other trusts were as pigmies compared to the immense money trust which the passage of the senate currency bill will establish. He then proceeded to discuss the money question in its several phases and handled well a subject which so many democrats love. He opposed imperialism and called on democrats to go to the polls next November with their neighbors and assist in giving the republican party—the party of a few—the worst "licking" ever received by any political party in this country. He believed that gallant leader, William Jennings Bryan, would again lead the fray. Bryan's name was greeted with cheers.

A SMALL BLAZE.

The residence of N. C. Miller, at 275 East Jefferson street, was damaged to the extent of $150 by fire about 11:30 Monday evening. A passerby noticed that the kitchen roof was ablaze and immediately turned in an alarm. Owing to the fact that the walls and other woodwork inside were ablaze in many different places, there was some difficulty in extinguishing the fire. The loss is covered by insurance.

WILL BE PROF. POHLMAN.

Prof. Pohlman, of Brooklyn, N. Y., will be at the head of the new Concordia Lutheran school now being erected on Walton avenue. He has accepted the invitation extended and will reach the city within a few weeks. Prof. Pohlman is an able educator, with a splendid record, and his acceptance of the place is the source of much gratification among the congregation which will conduct the new educational institution.

FIFTY YEARS AN ODD FELLOW

ABRAHAM OPPENHEIMER GETS A VETERAN JEWEL.

Fort Wayne Lodge, No. 14, Honors Its Oldest Member—Held a Smoker and Banquet.

Fort Wayne Lodge, No. 14, I. O. O. F., held the most enjoyable social session Monday evening in honor of its oldest member, Abraham Oppenheimer, who was initiated into that lodge February 14, 1850—a little more than fifty years ago. Mr. Oppenheim is one of the old and highly respected citizens of this city, and his completion of half a century in the ranks of the three-link fraternity was the occasion for the warmest congratulations of his brethren.

To mark the anniversary and as a token of the esteem of the Odd Fellows for their pioneer member, Mr. Oppenheimer was presented with a magnificent veteran jewel. The presentation speech was made by C. G. Smith, and Mr. Oppenheimer accepted the token with a few words full of feeling. This was followed by a banquet and smoker which were highly enjoyed by the large membership present. In charge of the arrangements were Messrs. Henry Cohen, Frank Benoy and W. S. Cutshall, and Mr. Cohen very capably occupied the position of toastmaster.

Among those who made brief addresses were Mr. Johnson, of Wabash, and ex-Mayor D. L. Harding. The presentation of a veteran jewel is a rare occurrence, and the gem is always treasured highly. Mr. Oppenheimer is now eighty-two years of age, and in point of membership is believed to be the oldest Odd Fellow in Allen county.

A CURLING CONTEST.

The curling contest at Genilivre's rink on Monday brought out quite a number of the devotees of the sport. The contesting rinks were those of John Gillie and James Dormer, but owing to the fact that Mr. Dormer was unable to be present, his rink was skipped by Tom Cavanaugh. At the close of the game the score was 16 to 7 in favor of the Dormer rink. The line-up of the teams was as follows: John Gillie, skip; F. J. Hayden, George Thumm, Peter Gillie; Thomas Cavanaugh, skip; Louis Pion, Walter Cavanaugh, David McKay. The games were continued this afternoon, commencing at 2 o'clock. The teams will contest for the medal at the Hayden rink on Wednesday.

The fifth division of the Ladies' Aid society of the Third Presbyterian church will give a Washington social in the church parlors on Thursday evening. The ladies will be in costume. Refreshments will be served during the evening.

TO FORM ECONOMIC LEAGUE

FORT WAYNE NOW ASSURED OF AN ORGANIZATION.

Purpose is to Foster Interest in and Discussion of Social and Economic Subjects.

Fort Wayne is now assured of a large class in the study of economics. Representative citizens have taken hold of the work and the membership is rapidly increasing. Problems in the economic, social and industrial world are constantly arising that must be solved by intelligent citizenship and the University Association of Chicago is organized as an Economic League throughout every state of the union, the object of which is to bring people together without regard to party, creed or bias for earnest and impartial study and discussion of the great questions of the day. The purposes of the league and the scope of its work are set forth as follows:

"The object of the Economic league is to encourage an interest in the discussion of social and economic subjects and to furnish, by lectures and printed courses of reading, reliable information on such topics as trusts, municipal ownership, national expansion, the Monroe doctrine, money, tariff, direct legislation, etc., etc., which are of vital interest to the American people. In carrying out this plan it has secured the aid of many of the leading specialists of the world, men who are recognized authorities in the department they have treated.

"It should be borne in mind that this is not an effort to found a new political party or to interfere with any of the parties already in existence. The Economic league is committed to no party, creed or bobby. Its sole aim is to seek the truth, to arouse public sentiment in each community to the need of unity of action on public questions, to secure a better administration of our laws, and to furnish the information and help needed that all may exercise, more intelligently, the rights of American citizenship."

A course of systematic reading is provided prepared by eminent specialists, and under the direct supervision of the distinguished political economist, Prof. Richard T. Ely, Ph. D., LL. D., director of the School of Political Economy in the University of Wisconsin. A plan of systematic work in the way of daily readings, weekly meetings, monthly lectures, etc., is arranged and all subjects will be treated in a practical manner. No person desiring good government and a well informed and enlightened citizenship can afford to miss this timely and thorough investigation of the influences which are constantly at work transforming society.

The date of organization will be announced within a few days.

ANNOUNCEMENT.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cts. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

CROSS-EXAMINATION

Will Only Strengthen the Testimony of Fort Wayne Citizens.

The testimony which follows will stand the test of closest investigation. Cross-examination of such evidence will strengthen it. Proof of this nature is plentiful in Fort Wayne and the most skeptical can hardly doubt the claims made for "The Little Conqueror" when placed face to face with the public utterances of friends, neighbors and local citizens. Read the experience given below; it may save you many hours of future trouble:

Mrs. W. T. Hume, of 25 East Williams street, wife of the carriage-maker, says: "Mr. Hume procured Doan's Kidney Pills at Meyer Bros. & Co.'s drug store and was greatly benefited by them. He was much troubled with backache and rheumatism, caused by disordered kidneys. His back was so lame he could hardly stoop and at times it was very painful for him to keep on working. The rheumatism was mostly in his ankles and caused him a great deal of suffering. As soon as he began taking Doan's Kidney Pills these symptoms of kidney trouble commenced to disappear and soon his kidneys were in better condition than they had been for years."

Doan's Kidney Pills for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases, Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address, Foster-Milburn Co., Buffalo, N. Y.

SAVED TWO LIVES

A YOUNG HEROINE'S DEED AT LAFAYETTE.

RESCUED MOTHER AND BABE

WAS HERSELF RUN DOWN BY THE TRAIN.

NORTHERN INDIANA ITEMS

NEWS OF GENERAL INTEREST OVER THE STATE.

Lafayette, Ind., Feb. 21.—Miss Ethel Smock, a pretty girl of this town, may pay with her life for a deed of heroism yesterday afternoon in which she saved a woman and baby from what seemed certain death. The young woman, who but a few weeks ago performed a like feat, that time escaping unharmed, is suffering from severe injuries in addition to a broken arm and many external bruises.

Miss Smock, who is noted for her courage and presence of mind, was nearing the railway tracks in this city yesterday when a woman wheeling a baby carriage containing a child attempted to cross in front of an approaching train. The woman, intent on her work of pushing the little vehicle, did not realize her peril until the baby buggy was on the track, then, panic-stricken, she screamed for aid.

Miss Smock, without hesitation, ran to the rescue. Standing between the rails she had just time to shove the woman to one side of the track and throw the carriage and its little passenger out of the way at the other side. It was too late to save herself and the locomotive struck the plucky girl, hurling her several feet away from the rails, where had she fallen she would have been instantly killed. As it was her right arm was fractured and it is feared that she sustained severe internal injuries.

PUZZLING PENSION QUESTION.

Bluffton, Ind., Feb. 20.—An effort will be made to obtain a pension for Mrs. James Johnson, of this city. Her husband, who died February 1, was granted a pension of $8 in 1890 and drew it for two years. He entered himself as a member of Company F, One Hundred and Forty-seventh Ohio infantry. Two years after his pension was granted some other man by the name of James Johnson, claiming the same company and regiment, made application and his claim was recognized, and the Bluffton Mr. Johnson's pension was cut off. There was no doubt that the Bluffton James Johnson had been a soldier and a member of the company and regiment, for he could name all his officers and comrades of the company, and he was not shrewd enough to have perpetrated a fraud. One drawback is that the James Johnson who is drawing the pension is sixty years old, and this is verified by the company's muster-roll, while James Johnson, of Bluffton, was seventy years old at the time of his death.

WILL HAS BEEN CONTESTED.

Rochester, Ind., Feb. 20.—The will of the late Jacob Whittenber will be contested. The estate is valued at $10,000. After providing for the widow and grandchildren, the will provides that the remainder of the estate shall go to the wife of ex-County Recorder G. K. Broundige. This leaves his other daughter, Mrs. L. M. Noyer, whose husband formerly owned the Rochester Republican, entirely out. When the will was offered for probate Mrs. Noyer filed notice of contest, alleging undue influence on the part of her sister.

THE FIFTY-SEVENTH.

Auburn, Ind., Feb. 20.—Mr. and Mrs. William Thrush, of this city, have celebrated their fifty-seventh wedding anniversary. In early years Mr. Thrush was one of the leading business men of this city. Mr. Thrush always wears a straw hat.

NEEDS OF FARMERS.

Valparaiso, Ind., Feb. 20.—The Porter county farmers' institute passed resolutions against the trusts, for more efficient laws to protect birds and for laws that will result in better country roads.

PAST A CENTURY.

Wabash, Ind., Feb. 20.—Mrs. Rebecca Fair, the oldest resident of Indiana, died suddenly at Dora, this county, yesterday. Mrs. Fair was born in Virginia 104 years ago and was the widow of a veteran of the war of 1812. For sixty years she had made her home at Dora. Until lately she has been in robust health, but recently she began to fail physically and mentally. The end came after she had eaten a hearty meal and while she was sitting in a chair. She will be buried Wednesday.

DECLINED TO BORROW $30,000.

Portland, Ind., Feb. 20.—The county council has deemed it expedient to borrow $30,000, to take up outstanding orders. The county council, however, authorized the county auditor to borrow $5,000 with which to meet current expenses.

TORN TO SHREDS.

Portland, Ind., Feb. 20.—Alex Goff, near Bryant, had his right hand torn to shreds while running a corn-shredder.

SHIVELY FOR GOVERNOR.

Knox, Ind., Feb. 20.—At a mass meeting of the democrats of Starke county, James C. Fletcher, of this city, was re-elected chairman of the county central committee. Hon. B. F. Shively, of South Bend, addressed the meeting and was indorsed for governor.

NORTHRN INDIAN NOTES.

Martheus Busch, one of the oldest citizens of DeKalb county, died at his home near Helmer Saturday. He was ninety-three years of ago.

Fred Holbrook, of Warsaw, is in a critical condition arising from the lodgment of a piece of oyster shell in his lungs. His recovery is a matter of doubt.

The handsome new M. E. church just completed at Ossian was dedicated Sunday with impressive services. The structure cost $7,000, all of which amount has been provided for.

Harmon Barnes, the man who was shot at Columbia City a few weeks ago and has since been in a critical state, submitted to a surgical operation by which the bullet imbedded deeply in his neck was removed. He is improving.

William Hudson, a negro tramp, was found Sunday night locked in a box car at Michigan City. The lower portion of his body was frozen stiff. He was on his way from Detroit to Chicago. At Detroit the car was locked and he was forced to remain and freeze until the seal was broken at Michigan City. He was removed to the poorhouse at Laporte and his recovery is doubtful.

Saturday at Goshen William Horn thrust a threaded needle into his wife's side. The needle was buried in the flesh and Mrs. Horn's mother attempted to pull it out by catching hold of the thread, which slipped through the eye. A surgeon was called, who located the needle, but before he could reach it with his instruments it had penetrated the tissues and could not again be caught.

Jacob Spath, a resident of Crocker filed suit against Peter Rassmusser in the superior court at Laporte, claiming $1,000 damages. Rassmusser owns and operates an electric money drawer, with a bell, in his shop next door to Spath's place. Spath claims the ringing of the bell has prevented him from securing sleep for three months and that it has entirely unfitted him for business.

STOOD DEATH OFF.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at Dreier & Bros.' drug store.

If you hold a Central Passenger association mileage ticket use it on trains of the Nickel Plate road, on and after Feb. 10th.

MR. DOUGHERTY ON ISSUES

THE BLUFFTON DEMOCRAT IS OPTIMISTIC.

He Declares the Cause of Bimetallism is Not Dead—Imperialism a Leading Question.

Hugh Dougherty, of Bluffton, who will be the Democratic nominee for treasurer of state this year, was at the Grand yesterday, says the Indianapolis Sentinel. He was asked to give his views on the political situation and said:

"I find everywhere I go the democrats are very hopeful of success in the coming campaign, and as a general thing in all parts of this state they are well organized and anxious to begin the fight. I think the people regard with alarm the tendency of the country toward imperialism, and I believe they will vote against a further enforcement of that policy regardless of party ties. The democrats are certainly on the right side of the question and the people know it."

"What will be the leading issue in the campaign this year?"

"Speaking for the democrats of the Eighth district I will say that they will demand that the money plank of the Chicago platform be readopted as it stands now. They will listen to nothing else. The silver question is not dead by any means and the very fact that the senate of the United States has seen fit to insert an amendment to the Overstreet bill providing for international bimetallism, in case it can ever be secured, is proof that the republican party itself recognizes the fact that it is still a vital issue. No doubt this amendment was made to again deceive the members of the republican party who are believers in the double standard of money just as in 1896 but I am of the opinion they have learned a lesson from the attempt made by that party to secure international bimetallism under the direction of President McKinley, and I don't see how they can be deceived again in the matter. However, in my opinion, the trust question will be the leading issue in this campaign. Of course the republicans will insert a plank against trusts in their platform and will fight them after a fashion, but the people will readily see that they are responsible for them and that they dare not legislate against them inasmuch as the campaign fund of that party comes from these combinations of capital. It would be folly for any one to suppose that the republican party would even as much as raise their hands against them after the election, hence the fight they will make against trusts during the campaign will be the same as the fight made for bimetallism during the campaign of 1896—simply a scheme for deceiving the people and thereby catching votes. The people know the evil effects of these great combinations of capital and I believe they will not permit themselves to be deceived by any declaration which the republican party may make against them.

IMPERIALISM AN ISSUE.

"The question of imperialism toward which the country is rapidly tending will be a vital issue and it rests with the democratic party to preserve American institutions as they are today. There can be no doubt that the imperialistic tendencies of the present administration are threatening the very life of the free institutions of the country, and I believe the people recognize that fact and are looking to the democratic party for help and protection from this great evil because they know the result in case the republicans are successful in this contest."

"Who will be the democratic nominee for congress from the Eighth district?"

"I think probably three democrats are being suggested for this nomination, but my impression is that James Morrison, of Anderson, will be the nominee. I believe he is in closer touch with the laboring element in that district than any other politician, either democrat or republican, and I am almost certain he can be easily elected if he will consent to make the race. He is well qualified for the position, and is in close touch with all the interests of the district. I understand he does not want the nomination, would sooner return to the state legislature."

"Will you be a candidate for treasurer of state?"

"That is my intention at present. My friends have informed me that the nomination is mine if I want it, so I have decided to make the race."

ED. MILLER WITHDRAWS.

Edward C. Miller on Monday severed his connection with the Randall Wheel company, where he has been employed as salesman for the past six years. Mr. Miller has taken a position as traveling salesman with the firm of E. Eager & Co., of Toledo, O., a wholesale bicycle and supply house. Mr. Miller will cover the state of Indiana and will have headquarters in this city. Will Gouty, of this city, who is head salesman for the Eager company, was in the city on Monday for the purpose of instructing Mr. Miller as to his new duties. Mr. Miller is councilman for the Eighth ward, and a prominent member of the Elks.

PHYSICIANS FOR THE POOR

THREE FOR CITY AND WAYNE TOWNSHIP.

Selections Made Monday Afternoon by Trustee Schmetzer and Advisory Board.

Dr. W. M. Enslen, Dr. A. J. Kesler, and Dr. S. D. Sledd will give medical attention to the poor of Fort Wayne and Wayne township during the coming year. They were chosen at a meeting of the advisory board—Messrs. Cook, Thieme and Reed—and Trustee Schmetzer, held at the office of the trustee on Monday afternoon.

Dr. Enslen has the district west of Calhoun street and Wayne township outside the city, and will receive $250 for his services. Dr. Kesler has the district east of Calhoun street, inside the city, for $225, and Dr. Sledd takes Lakeside, Bloomingdale and Nebraska, at $100. Each physician is to furnish all medicines and appliances, and if his patients are taken to a hospital must follow them there and continue the attention. There is no provision for hospital physicians.

WILL INTEREST EVERYBODY.

Or at Least Everybody Who Suffers From Catarrh.

Catarrh in its various forms is a national disease, and the fact that nearly everybody suffers from it more or less leads many to neglect its proper treatment.

Nasal catarrh is a common cause of headaches, destroys sense of smell and if neglected reaches the throat, causing impairment and sometimes total loss of voice. Bronchial catarrh leads easily to consumption. Catarrh of stomach and liver are very serious and obstinate troubles, while it is now generally admitted that catarrh is the most common of all causes of deafness.

All of the more serious forms of catarrh begin with nasal catarrh, the local symptoms being a profuse discharge, stoppage of nostrils, irritation and frequent clearing of the throat, sneezing, coughing and gagging.

The old style of treatment with douches, inhalers, sprays, salves, etc., simply give temporary relief and everyone who has used any of them knows how useless they are and their inconvenience is such that very few have the time or patience to continue their use.

A radical cure of catarrh can only be obtained from a treatment which removes the catarrhal taint from the blood because no one will now disputes that catarrh is a constitutional or blood disease, and local applications can have no effect except to temporarily relieve local symptoms.

A new remedy which has been remarkably successful in curing catarrh is a pleasant tasting tablet which is taken internally and acts upon the blood and mucous membranes.

It is composed of antiseptic remedies like Eucalyptol, Guaiacol, Sanguinaria, Hydrastin and similar cleansing specifics which eliminate the catarrhal poison from the system.

The tablets being pleasant to the taste, are dissolved in the mouth and thus reach the throat, trachea and finally the stomach and entire alimentary canal. They are sold by druggists everywhere under name of Stuart's Catarrh Tablets.

If desired, when there is much stoppage of the nose, the tablets may be dissolved in warm water and used as a douche in addition to internal use, but a douche is not at all necessary. A few dissolved in the mouth daily will be sufficient. Dr. Ainslee says: "The regular daily use of Stuart's Catarrh Tablets taken internally will cure the whole catarrhal trouble without resorting to the inconvenience of a douche or an inhaler."

They seem to give a healthy tone to the whole mucous membrane and it is really remarkable how soon they will clear the head and throat of the unnatural and poisonous catarrhal secretion.

Stuart's Catarrh Tablets is undoubtedly the safest, most palatable and certainly the most efficient and convenient remedy for any form of catarrh. It is sold by druggists at 50 cents for full sized treatment.

SEE HARD SERVICE

ALLEN COUNTY BOYS IN THE PHILIPPINES.

TELL OF THE SOLDIER'S LIFE

H. E. HELLWARTH WITH THE FOURTH CAVALRY.

THROUGH ACTIVE CAMPAIGNS

WILLIAM TOMBAUGH'S LETTER TO FRIENDS.

H. E. Hellwarth, a trooper in troop M. of the Fourth United States cavalry, is an Allen county boy, who has been through some of the hardest campaigning in the Philippines, and his recent letter to his father, M. Hellwarth, of New Haven, will be read with interest. It is given below:

"Tayug, P. I., December 13, 1899.—Dear Folks: No doubt you have been somewhat alarmed as to my condition in the Philippines, but I am proud to say my health has been of the very best ever since I put my foot on the island. I had at one time a slight touch of fever, but it only lasted two days.

"I left Manila September 6, and since that time I have seen some very hard service and have been close enough to the insurgents to hear the Mausers whistling close to my ears. You can read accounts of this campaign in the daily papers, so I will not attempt to tell you any of the minor details. We went from Manila to San Fernando by rail, a distance of forty-five miles, and at that time the terminus of the road controlled by the Americans. We were there three weeks and had several sharp skirmishes in the vicinity

IN LAWTON'S BRIGADE.

"At San Fernando a general plan of campaign was formed by the generals—Lawton, Wheeler, MacArthur and Wheaton. My troop belonged to Lawton's brigade. General Lawton was to advance on Tarlac from the south, General Wheeler advanced on the railroad, and Wheaton was to come in from the coast. A better plan of campaign was never devised by four generals, and each advanced on Tarlac at the time required, but to their misforune they saw nothing of Aguinaldo or any of his followers, nor anything that would give a trace of his whereabouts.

"The fighting in this part of the island is about over, with the exception of a few roving bands that cause considerable trouble by killing and robbing people of their money. The cavalry is doing nothing now but rounding up these bands. We were patrolling a town called Aliago about a week ago, and to our surprise were attacked by the insurgents with ten and one-pound guns—the only place on the island where the enemy used big guns—but as they were not competent to handle modern guns they had very poor success. We went after them, captured their guns, killed twenty-five or thirty of the natives and wounded about three times that number. Casualties on our side, one lieutenant and two privates killed and several wounded. This was the hardest fight I have yet experienced. It was raining all the time, and much of the fighting was done in a rice field where water was from one to three feet deep. The chase lasted fourteen hours.

IN OTHER FIGHTS.

"At San Isidro we had a warm fight, but entered the town with a loss of two men killed and three wounded. Again at Talavara we had a fight, but we took the town and captured a large amount of insurgent ordinance. We were in town two nights, and on the third night were attacked by a band of three hundred well-armed insurgents. They thought they could catch us napping, and they did, all right. But when the bullets began coming as thick as hail we soon woke up, and hadn't much time to rub our eyes. We fought to a standstill for two hours and finally put them to flight, killing about forty, wounding as many more, and captured sixty-seven armed with Remingtons and Mausers. The result of the fight was that the band was broken up and the leader got word from Aguinaldo never to show his face in his presence again.

"Since the 10th of November we have had no fighting, but are doing lots of running around after robbers. This troop has been transferred to Wheaton's brigade and we are now the general's bodyguard, a favor won by the fighting done by the troop heretofore. We expect to go back to Manila in a very short time, and hope to get there in time for a Christmas dinner. I hope this will be the case, for I believe I could devour a twelve-pound turkey myself.

"I have been living for the past three months on nothing but bacon, hardtack, a very little corn beef, coffee and sugar. This may sound pretty fishy, but not a bite of vegetables could we get except bananas, and I am almost tired of them already. Don't worry about me, for I will be home some day. In closing, I hope these lines will find you as happy as they leave me.

"Your son,
"H. E. Hellwarth.
"Troop M, Fourth cavalry."

IN MINDANAO.

William Tombaugh, of this city, is enlisted in company M, of the Thirty-first volunteers, and was on the transport Manuense, which had such a stormy passage across the Pacific. Mr. Tombaugh writes to his father, William Tombaugh, of Miner street, as follows:

"Zamboango, Mindanno, P. I., December 20,—Dear Parents: We left San Francisco October 25, and were soon pitching and tossing on the broad Pacific, reaching Honolulu in eight days. The sea was quite rough and I was seasick in proper style. But I soon got over that and would have enjoyed the trip had we been on a good transport, but the boat sprung a leak and we had to bail water day and night for two weeks. Finally we anchored in a little body of water you have heard so much about—Manila bay. We came in contact with a fearful storm at the entrance of the China sea and at one time we thought we were sinking.

"We are going one thousand miles south of Manila to settle a scrap between the Mahommedans and the cannibals. Thus far we have captured six field pieces and lots of ammunition and have had no more trouble. I don't look for any, and think I will be home next fall in time to cast my first vote. We landed in Zamboanga December 10. This is a fine place, and for our Christmas dinner we had chicken and fish. We are going bathing this evening. The weather is very warm from 9 o'clock in the morning until 4 in the afternoon.

"Ben Wickliffe and I have been away back in the mountains eight or nine miles. The natives here treat us kindly and they think the Americans are all right. We are having something of a snap here—only one drill a day, besides the guard duty.

"Your son,
"William Tombaugh.

CONSOLIDATION BEGINS.

Indianapolis, Feb. 20.—The News today says: W. H. Newman, president; P. S. Blodgett, general superintendent; G. T. Grammer, traffic manager; T. H. Greene, purchasing agent, and E. A. Handy, chief engineer, of the Lake Shore, came here today to meet General Manager Bradbury, of the Erie and Western, and after they had held a meeting, the first steps toward the consolidation in the operation of the two roads was taken. At the meeting this afternoon P. S. Blodgett was appointed general superintendent of the Lake Erie and Western, succeeding D. S. Hill. Mr. Hill resigned as general superintendent, a position he has held many years.

NOTES OF THE DAY.

President Kruger's ultimatum is the first that has ever been received by Great Britain.

Out of 1,548,654 votes polled in the recent election in Mexico, only 92,172 were against Diaz.

The cemeteries around London cover 2,000 acres, and the land they occupy represents a capital of £20,000,000.

Omaha restaurant men and waiters have petitioned the city council to pass an ordinance prohibitive of lunch wagons.

The bacilli are found in the sputa, and it is settled by repeated researches that tuberculosis is spread nearly exclusively by dried sputum.

An Egyptian who has just arrived in New York to join a dime museum exhibition is seven feet eleven inches tall. He is only twenty-three years old.

Russia's Asiatic possessions are three times the size of Great Britain's, but hold only 23,000,000 inhabitants, as compared with England's 297,000,000 subjects.

The Hindus, who are largely vegetarians, have been and are the chief sufferers from the plague, doubtless owing to a diminished power of resistance as well as to their unsanitary surroundings.

The City band will hold a meeting this evening.

THE MARKETS.

Chicago, Feb. 20.—The opening tone of wheat today was a disagreeable surprise to bull traders. Liverpool failed utterly to respond to the strength shown by the local market yesterday, while the local demand showed a great falling off. Initial quotations for May showed a decline of ¼@⅜c, and during the next hour a further decline of ¼@⅜c was recorded. May opened at 68½c, sold at 68¼@¼c, and gradually declined to 67¾@⅞c. Liquidation of some important lines was noticeable, while short sellers put pressure on the market. Covering caused a rally to 68⅜c by 11 o'clock.

Chicago receipts were 70 cars. Northwest receipts were 472 cars, compared with 403 last week and 479 a year ago.

Up to the time of the announcement of the visible stock the crowd was bearish, and very little advance was followed by fresh selling. The world's visible decrease of 753,000 bushels, however was a surprise even to the most sanguine bulls, as an increase had been looked for. Some improvement in tone followed, shorts covering moderately. Toward the end of the session the trading became almost stagnant, May sold off to 67⅞c and closed ⅝@⅞c lower at 68c.

Corn was fairly active and strong at the opening. Cables were higher and receipts about as expected, while bullish reports came in from the southwest.

Liquidation, which set in soon after the opening, caused a sharp reaction. Receipts were 755 cars. May opened unchanged at 35⅝@⅝c, declined to 35c and reacted to 35½c.

The trade in corn was big almost up to the end of the session. There was considerable speculative demand at the early decline, which resulted in slight reaction in prices, but uncertainty as to the attitude of large trade kept the market nervous. May sold as low as 35c and rallied to 35⅛c, where it closed.

Oats was dull and without feature. The market followed the fluctuations of wheat and corn—opening steady and weak later.

Receipts were 267 cars. There was some selling by scalpers on the decline. May opened unchanged at 23⅜@¾c, and declined to 23⅝@½c.

Provisions were dull and inclined to weakness, following the grain markets. There was some short selling of pork, but lard and ribs were neglected.

May pork opened 7½@10c lower at $10.90@92½, sold at $10.95 and reacted to $10.90.

May lard opened 2½c lower at $6.05, and sold at $6.02½@05.

May ribs opened 2½c lower at $6.00 and sold at $6.00@6.02½.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 66¼c; May, 68c; July, 68⅛@⅜c.

Corn—Feb., 33½c; May, 35½c; July, 35½c; Sept., 36c.

Oats—Feb., 22½c; May, 23½c; July, 23½c.

Pork—Feb., $10.85; May, $10.97½@11.00; July, $11.02½.

Lard—Feb., $6.05; May, $6.07½; July, $6.17½.

Ribs—Feb., $6.07½; May, $6.05; July, $6.05.

Flax—Cash N. W., $1.60; S. W., $1.60; May, $1.60; Sept., $1.10; Oct., $1.08.

CHICAGO LIVE STOCK.

Chicago, Feb. 20.—Cattle receipts, 3,500; good to choice native steers, steady; others, dull; Texas steers, slow; closed steady; butchers stock and canners steady to slow; stockers and feders, quiet; calves, easy.

Beeves, $4.00@6.00; cows, $3.00@4.40; heifers, $3.15@4.75; canners, $2.25@2.90; stockers and feeders, $3.10@4.75; Texas fed beeves, $4.00@5.00.

Hogs—Receipts today 30,000; tomorrow, 33,000; left over, 4,844; average, 5c lower; top, $5.02½.

Mixed and butchers, $4.75@5.02½; good to choice, heavy, $4.80@5.02½; rough, heavy, $4.65@4.75; light, $4.65@4.90; bulk of sales, $4.85@5.00.

NEW YORK PRODUCE.

New York, Feb. 20.—Butter—Receipts 3,616 pkgs; steady; June creamery, 19@22½c; western creamery, 20@24c; factory, 16@19c.

Cheese—Receipts, 708 pkgs; firm fall made, fancy large, 12½@13c; fall made, fancy small, 13c; choice grades, 12¼@12½c.

Sugar—Raw, barely steady; refined, quiet.

Coffee—Quiet; No. 7 Rio, 8¾c.

Molasses—Steady.

THE DAY ON WALL STREET.

New York, Feb. 20.—Trading was active and well distributed at the opening, but changes in prices were small. Tennessee coal, with a gain of 1¾c, was the only stock to show a change of over a point.

A few of yesterday's strong stocks fell back slightly on realizing, but the majority showed small gains.

A brisk demand arose for the low priced railroads, Norfolk and Western and Ontario and Western being features.

Improvements elsewhere were also announced, the high-priced coolers rising on average of 1½c.

Heavy liquidation in Third avenue, coincident with a raid on sugar, checked the rise and realizing set in. Third avenue dropped four points.

Southern stocks were relatively firmer than other issues and were picking up again at 11 o'clock.

The bear traders extended the scope of their operations. Sugar, People's Gas and some of the steel stocks broke rapidly and Third avenue sold down to 91½c ex-dividend.

Covering then commenced and the price of Third avenue was worked up on the shorts 5 points. The evidence of support in that stock induced buying for both accounts elsewhere, and the most active specialties recovered from a sharp fraction to 2 points. The general list became dull at a sharp fraction below the best.

Bonds were quiet and slightly higher.

THE MONEY MARKET.

New York, Feb. 20.—Money on call nominally 2@2½ per cent.; prime mercantile paper 4@5 per cent.; sterling exchange easier at $4.87½@⅝ for demand at $4.84¼@¾ for 60 days; posted rates $4.85@4.88½; commercial bills $4.83¼@83¾; silver certificates 59¾@60⅜c; bar silver 58⅝c; Mexican dollars, 47½c.

NOTES OF THE DAY.

For a finger nail to reach its full length, an average of seven-tenths of an inch, from 121 to 138 days of growth are necessary.

A troop of Boer horsemen who perform nightly in a German circus have been forbidden that part of their program which represents a victory over British redcoats.

The attempt to ostracize and isolate the consumptive has extended to school teachers. A movement has been made further to exclude all infectious children.

The success of the Germans in the war of 1870 had been attributed by experts to the conveniently carried prepared food supplied by the sausage makers of Berlin.

It will cost $25,000 to put the Exposition building at Philadelphia in shape to seat the 15,000 people expected to be present in the hall during the republican convention.

There are over 100 gold mines in the immediate neighborhood of Johannesburg, stretching out on all sides of the city. The monthly output of the mines was fifteen tons of gold.

A plaster Paris design for a "Uncle Sam" hat—probably the largest in the world—containing within its crown practical models for upward of 200 distinct styles of hats worn by twenty-three nationalities, will be sent from Philadelphia to the Paris exposition.

The present militia force of Illinois is made up of 7,203 men. Of the commissioned officers there are three generals, twenty-five members of the general staff, four engineers, twenty-five cavalry, thirty light battery, 352 infantry, and three of the signal corps, making a total of 454. The enlisted force consists of 6,675.

Sitka, the capital of Alaska, has a free reading room. All the houses of Sitka are of wood, but many of them are new and modern. This one is old and was built by the Russians before the purchase. Sitka has a population of 1,500, 1,00 of which is Indian, and this reading room is maintained by private subscriptions.

In addition to having Ella Ewing, the largest woman in the world, Missouri has the smallest married couple in the world. They are Mr. and Mrs. Willie Ray, of Dunklin county, who have just returned home to spend the winter. They are each three feet tall, and weigh ordinarily about thirty-eight pounds each.

In the calendar year 1899 our largest import of gold was from Australia, $12,612,000; the second largest, $8,927,000, from Canada; the third largest, $8,899,000, from British Columbia (Klondike). England stood fifth as a shipper of gold to us, sending $6,373,000; Mexico sixth, sending $4,728,000; France seventh, with $3,816,000.

"I can truthfully say, Dr. Pierce's medicines did me more good than all I had ever taken before."

These are the words of Mr. O. S. Copenhaver, of Mount Union, Huntingden Co., Pa. He says further:

"About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. I consulted a physician and he told me I had a form of dyspepsia, and treated me six months with but little benefit. I then tried another physician and he told me my liver was out of order and that I had indigestion, but he didn't cure me. I then tried another one who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year. I then took several widely advertised patent medicines, but received no more than temporary relief while using. I then tried Doctor Pierce's medicines, using his 'Golden Medical Discovery,' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

The "Golden Medical Discovery" is the most effective blood purifier and germicide that modern medical science has produced. It at once neutralizes the poisonous, fermented matter in the stomach, liver and bowels, and as soon as this is removed by the action of the "Pellets" it soothes the inflammed membranes of these organs, putting them into healthy condition to absorb the nutritive elements of the food. It aids and stimulates the action of the digestive fluids of the body and is absorbed into the blood along with the food. It enriches the blood, filling it with vitalizing, strength-giving properties. It produces sound, healthy flesh—muscle *you can work with*. It is a safe medicine. It contains no whisky, alcohol, sugar or syrup. It does not create a craving for liquor.

WORK FOR SHOPS.

THE PENNSYLVANIA COMPANY ORDERS 600 CARS.

REQUISITION FOR MATERIAL HAS BEEN MADE AND WORK WILL SOON COMMENCE.

THE FIREMEN ENTERTAINED

LADIES' AUXILIARY GIVES A SOCIAL AND BANQUET.

Today requisitions were made on the store department and lumber yards of the Pennsylvania company for the iron and lumber necessary for the construction of 600 cars, which will be built in the works in this city. Of these cars, 400 will be gondolas of 80,000 pounds capacity, and the other 200 box cars of the standard weight and capacity. As soon as the material, which is nearly all in stock in the store houses and yards, can be gotten together, work upon this order will begin. The car builders are not out of new work yet, and the order mentioned assures them of employment of that kind during the entire spring months. Business on the road is very heavy and this makes plenty of repair work at the shops and will probably delay the completion of the foregoing order somewhat.

AUXILIARY ENTERTAINS.

The first banquet and social ever given by the Ladies' Auxiliary to the Brotherhood of Locomotive Firemen, which was held at the hall, No. 140 Calhoun street, last evening, far exceeded the hopes of the most sanguine in the way of attendance, sociability and general enjoyment. The early hours were devoted to progressive pedro and chat and following came the refreshments, which were served in the most enticing and appetizing manner. The winners in the card games were Mrs. H. S. Wills, first prize, and Fireman Kennedy, of the Pittsburg, second prize. As a result of the social the ladies last evening received four applications for membership to their order and more are sure to follow in a day or two.

MASTER PAINTERS.

Next Friday Foreman T. J. Rodabaugh, of the paint department of the Pittsburg shops, will attend a meeting of the advisory committee of the Master Car and Locomotive Painters' association at Cleveland. This committee will select the subjects for discussion at the annual convention of the painters, which this year will be held in Detroit in September.

MOVING TO NEW OFFICE.

This afternoon Foreman P. J. Scheid, of the Pittsburg round house, and his assistants, are engaged in the task of moving their official headquarters from the little room in the round house to a more commodious and cheerful room which has been fitted up for them east of the round house building, on Lafayette street. The space occupied by the old office will be devoted to a stall for engines. Usually moving is not a very pleansant or acceptable duty, but in this instance it is enjoyed, for it has long been Mr. Scheid's wish to have a better and larger office.

INJURED A THIRD TIME.

Peter Spanley for the third time is disabled by a fractured kneecap. He received the injury yesterday by a fall on the icy pavement on Hoffman street. Mr. Spanley is the well-known Pennsylvania company patrolman.

CAUGHT THE THIEVES.

Lieutenant Harrod, of the Pennsylvania, and two of the detectives, made a neat capture yesterday, the prisoners being Lloyd Groves and Bert Risk. These men, it is alleged, held up and robbed R. J. Foster, of Kenton, Ohio, at Lima. They found their victim asleep in the Pennsylvania depot at 1 o'clock in the morning, and representing themselves to be railway detectives, they placed him under arrest on "suspicion of being the party who stole some money." Foster was taken down the track, believing he was going to the station house, and when a secluded spot was reached, the men robbed him of his money and watch. Lieutenant Harrod was notified by wire and went to Lima, where he soon located and arrested the men. J. L. Miller, a boilermaker in the employ of the company, was at the depot, awaiting a train to bring him home, and saw the two men who held Foster up. Mr. Miller went to Lima this morning to attend the preliminary hearing of the accused, which took place today.

A NEW SECRETARY.

The secretaryship of the R. R. Y. M. C. A., at Elkhart, Ind., has passed to Samuel Clark, who gave up a better paying position at Toronto, Canada, to accept it. He hopes to build up the Elkhart association and make it one of the principal ones along the Lake Shore and New York Central lines. The board proposes to extend all the aid in its power, and a flourishing revival of interest in the organization is anticipated. The Elkhart association is generously assisted by the Lake Shore company, and the late Cornelius Vanderbilt annually supplemented the company's donation with a generous private contribution.

MR. LOREE HERE.

General Manager L. F. Loree, of the Pennsylvania company, arrived in the city at noon, over the Wabash, and will remain here until 7:30 this evening, when he will leave on No. 8 for Pittsburg. Mr. Loree has just completed a tour of the lines which compose the Southwestern system.

INDUSTRIAL NOTES.

J. W. Miller, hostler at the Wabash shops, is sick.

Machinist George Gable, of the Bass works, is on duty after a week's illness.

Master Mechanic G. S. McKee, of the Wabash, is confined to his home by the grip.

W. P. Morris and Al. Hecker, Nickel Plate engineers, have reported for work after being sick two weeks.

Machinist A. Kummer and E. E. Tierney, of the Pittsburg shops, are sick and off duty.

Capt. Otto Meyer has returned from his wedding trip and this morning resumed his place in Shop Clerk Holbrock's office.

"Si" Burhans on Saturday was appointed chief train dispatcher of the Lake Shore road, succeeding D. T. Murray, promoted.

After being generally overhauled at the Stony Island shops, Nickel Plate engine 57 has gone to Bellevue to do yard service.

Section Foreman James O'Leary returned home this morning. Yesterday he attended the funeral of his mother in Grand Rapids.

William H. Peters, for twenty years general agent of the Lackawanna lines at Elmora, died on Saturday of Bright's disease.

M. J. Hughes, who had an ankle sprained a short time ago, was able to resume his place in the Pittsburg machine shop this morning.

Charles McCurdy, for fifteen years a passenger conductor on the Chicago and Eastern Illinois, has been relieved. The reason was not given.

The Chicago, Milwaukee and St. Paul company has issued for free distribution a book of travels in Europe, entitled "Glimpses Across the Sea."

The Pennsylvania company is having some of its class K freight engines on the Pan Handle lines rebuilt for service on the Vandalia road.

Charles E. Pugh, first vice president of the Pennsylvania road, it is stated, is to represent that company in the Chesapeake and Ohio directorate.

John Swain, a blacksmith at the Wabash shops for many years, retired from that position last evening. He will engage at some other work.

E. B. Taylor, superintendent of transportation of the Pennsylvania company, is in Chicago today. He passed through this city on 15 this morning.

Conductor J. S. Holly and Brakemen F. M. Henderson and D. W. Meyers, of the Nickel Plate, are off duty, the two brakemen on account of sickness.

Master Mechanic William Crighton, of the Kerr Murray works, has been sick for two or three days and has been unable to attend to the duties of his office.

Passenger Engineer J. A. Keplinger, of the Pittsburg, resumed work this morning. A week ago he was injured by a fall when en route to the round house to take his engine out.

Nickel Plate Conductor J. A. House and Brakemen T. H. Gallivan, W. C. Reffelt and F. E. Todd, who were either sick or looking after private matters, resumed their duties on the road yesterday.

Carl Lathrup, for some time employed as a switchman in the east yards, resigned that position last evening. It is understood that he will go west, where he hopes to secure employment.

Fred Jacobs, draughtsman at the Bass works, resumed his place at the draughting table this morning. He has to use a crutch and cane in walking. Mr. Jacob's misfortune was mentioned yesterday.

The Erie Railway company is encouraging the building of grain elevators at way stations in Ohio and Indiana, and contracts are being made for two or three, one being at Bippus, Ind.

To shorten the connection with Boston and New York the Grand Trunk has acquired the East Richelieu Valley road, twenty-three miles long and running beteween Iberville and Noyen, south of Montreal.

On February 22 the Brotherhood of Locomotive Engineers within a radius of two hundred miles of Kansas City will meet in Kansas City. Chief Arthur and other men of prominence in the order will be present.

W. J. Redman, J. N. Hallisy, C. Klepp, James Currie and A. Heffellmeyer, who went to Peru several days go to do some special work for the Wabash company, returned home last night and this morning resumed their places in the shop.

On the new schedule the Wabash flyer—No. 8—will leave St. Louis at 2:15 p. m. and arrive at Kansas City at 9:30 p. m., covering the 277 miles in seven hours and fifteen minutes, which is very close to forty miles an hour for the entire distance, without allowing for stops.

All the details for reorganizing the Toledo, St. Louis and Kansas City after its foreclosure sale, April 2, have been arranged. As the property will doubtless be bid in by the reorganization committee, apparently all litigation has been defeated that can interfere with its sale.

Michael Huntine, of the Kerr Murray works, was called home yesterday from Chicago, where he was superintending the installation of some gas machinery in the Universal Fuel company's works. Jacob Huntine, father of Michael, is very sick and his condition gives the family much anxiety. He is eighty-four years old.

Today is the birthday anniversary of James H. Fry, chief clerk in the Pennsylvania master mechanic's office. He is of uncertain age, all that is known being the fact that the figures 1 and 6 are employed in designating the year of his birth, but the combination has been lost. Ed Dillon is at work upon it, but up to date has failed to decide whether it should read 1816 or 1861.

Tomorrow Ben McFarren, for several years a clerk in the machine shop of the Pittsburg, will take his place in the mechanical department. He will work in the airbrake department, under Foreman Fred Menewisch. This change was made at Mr. McFarren's request, he thinking that it would improve his health. Louis Steger, as stated in The Sentinel several weeks ago, succeeds Mr. McFarren in the office.

There is a German "dining car company," which has now twenty-seven cars, running chiefly on routes made up of state railroads. On some of these routes it pays something for the privilege, on others nothing, which is probably no more than fair, as there are many routes where the patronage of a dining car hardly pays expenses. This company paid 7 per cent. on its stock for the year ending with September last.

The double tracking that has been under way on the Erie near Galion and Kent is about completed, and trains will soon be running over it. This, as is well known, is the first step toward the general improvement that is now under way on the Erie. The intention is to either eventually cut down the grades or go around the hills so as to avoid the high grades on the division between Kent and Galion.

The Pullman Palace Car company is now building for the Lehigh Valley railroad six new passenger coaches. These new cars will be run in the Black Diamond Express trains and will replace the coaches now used in these trains. Each car is provided with a large and elegantly appointed smoking room and two saloons—one for men and one for women. A luxurious retiring room is connected with the saloon for women. The seating capacity of each car is sixty-nine people, and the weight about fifty tons.

LEAGUE TO MEET THURSDAY

HAS BEEN DECIDED TO HOLD MEETING IN COLUMBUS.

To Get Rid of Torreyson Will Be a Big Question—Players Are Being Signed.

The Interstate league will hold a meeting Thursday in Columbus, Ohio. Director Mautner will represent Fort Wayne. An effort will be made at this meeting to get rid of Frank W. Torreyson, whose perambulations during the last two seasons have threatened the stability of the Interstate. An effort will be made to have him sell at a reasonable price to Mr. Reilly, a Columbus man who wants an Interstate franchise. If Torreyson is fair in his demands matters will move smoothly, but if he follows his usual bluffing policy the league directors may find it necessary to turn him down. All the teams are preparing to commence the season with strong teams. Wheeling being especially active in signing good players.

Secretary Hubbard has signed a new pitcher. His name is Harry Allmang and he hails from Mason City, W. Va. He is a youngster and has attracted the attention of several base ball managers. Allmang was recommended to Fort Wayne and his terms were solicited. They were accepted and a contract has been sent to him. "Cy" Swaim has fixed his salary to correspond with his height and unless he comes down in the figures will probably not toss the sphere this year. Tom Letcher is in Rockford, Mich., and a contract will be forwarded to him. Charley Babb is expected to sign in a few days.

PRESBYTERY MEETING.

A meeting of the Fort Wayne Presbytery was held on Monday evening at the Ossian Presbyterian church for the purpose of releasing Rev. Edward Campbell from his charge. In his request for release, Mr. Campbell stated that the work of caring for three charges, Ossian, Kingsland and Elhanan, was more than he could well attend to, and that the work was injurious to his health. The Rev. Campbell has received a call to the Heywood Presbyterian church in Chicago, which he will accept. The letter of the late Rev. J. C. Brackenridge, the new pastor of Bethany Presbyterian church, of this city, from the Logansport Presbytery, was received, and his name was enrolled as a member of the Fort Wayne Presbytery.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MOTHERS!

WHY LET YOUR CHILDREN DIE FOR WANT OF REMEDIES THAT WOULD SAVE THEIR LIVES.

Thousands have died from what physicians called fever. You employ a physician. He says it is not worms that ails your darling child. He continues to call because he is well paid. Your child is not cured. It was worms and worm fever that ailed your child. It was a great expense to you and the child was not cured. Children have died from WORM FEVER, SPASMS, FITS, FOUL BREATH, RESTLESS AT NIGHT, and many times starts frequently when asleep; worms cause your child to be nervous. All these symptoms are of worms. And many times it's the PIN or SEAT WORM that causes you or your child to have vocal trouble. Soon after retiring for the night the pin worm appears. It bites and stings and causes scratching and aching. This makes the child nervous, and many times the child is punished for not going to sleep. And the mother that reads this knows what it means when the child cries out: "Mamma, something is biting me." And Sure enough, upon examining her child she finds the naughty white pin worm, sharp pointed at both ends, imbedded in the child's rectum. This worm causes more nervousness to young and old persons than any other disease. The only sure and harmless remedy for this is STEKETEE'S PIN WORM DESTROYER. 1st dozes in one bottle for a babe, and the price only 25c at the druggists or 25c by mail. Ask druggists for Steketee's Pin Worm Destroyer [illegible] substitute.

MADE APPOINTMENTS.

Commissions have arrived for Captain W. F. Ranke, Senior First Lieutenant Will C. Cleary, Junior First Lieutenant Fred Meyers and Second Lieutenant O. S. Jones, of Battery B, and at the meting of the battery on Monday evening Captain Ranke announced the appointment of the following non-commissioned officers: George Depner, quartermaster; Dr. William F. Meyers, veterinary surgeon; Harry Alderman, John Sheffer, Bernard Hedekin and Charles Glenn, sergeants; Charles Haak, Chris Richards, E. C. Gouty, Alvin P. Double, Conrad F. Holmholz, W. H. Bierbaum and John Bartels, corporals; Christ Hahn, blacksmith; William Browand, Martin Baker, trumpeters; Hallie D. Stokes, guidon. There is one corporal and an orderly sergeant yet to be appointed. The battery will meet for drill on Monday and Wednesday evenings, and for convenience it has been divided into four sections for the drill.

A teachers' examination will be conducted by County Superintendent Young next Saturday in the Elektton building, and they will now be held regularly each month until August. There has been a four months' intermission in the holding of these examinations.

The contract for the erection of a residence for F. H. Meyers, at the corner of Washington and Webster streets, has been awarded to Contractor Fred Tiemon. The residence will cost $3,500. The Seavey Hardware company have received the contracts for the furnace and the glass to be used in the house.

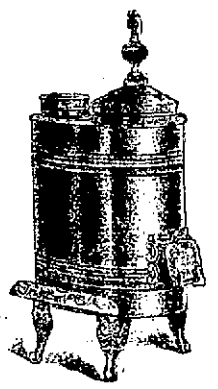
CLEAN, CONVENIENT, —COMFORTABLE.



The COLUMBIA AIR TIGHT HEATER should be in every home—it would be if people knew its many virtues. It can be moved and set up in a twinkling. With its aid one may have heat wherever it's wanted—at once, without trouble or loss of time. In the bedrooms at night, in the morning, it quickly heats the air and makes shivering little children feel more like rising. Comfort, cleanliness, economy and health for $3.50. Call and see them.
